Institutional Distinctive Approach for Rural Students

VISION:

To emerge as a centre of excellence creating research, innovation and entrepreneurial attitude among the technocrats who in turn shall contribute to the development of society and mankind.

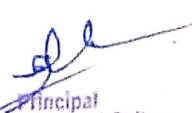

MISSION:

- To develop a culture of excellence in teaching and learning with accountability from all support activities.
- To promote new ideas leading to emergence of creators, innovators, leaders and entrepreneurs.
- To achieve excellence in application based research in technology to contribute to the development of the community.
- To imbibe the ethical values among the students to make them responsive citizens.

Institutional Priorities:

- Excellence in academics
- Faculty development
- Placements
- Imparting quality education to economically backward students.
- Ethical value, social & professional responsibility.
- To create an exposure in developing the competencies of the students in order to prepare them to face the challenges of the changing world.

Problem- because of rapid changing technology and innovations, the existence of scholars is walking at a important quicker tempo. Literacy isn't handiest for civic pupils, it is for rurals as properly. With the ever- including pace for literacy, we generally tend to overlook that “

together we will evolve ". GW CET understood this gap and initiated literacy for pastoral pupils.

The imaginative and prescient of the Institute makes a speciality of elements essentially: know-how and studies. The Institute has hooked up its one of a kind approach toward this huge imaginative and prescient by means of supplying steering, aid, training, talent improvement through various sports conducted by specific departments to the rural students. The institute organizes unique schooling applications for rural students consisting of

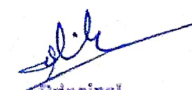

1. Computer Awareness Program: - This is an initiative taken by the institute for the rural students. The purpose of this activity is to encompass all the children of nearby rural areas by providing free knowledge about computer its application like paint, web browsing and internet in day-to-day life.

2. NSS Camp in Rural Area :- The NSS Unit of the institute organized NSS one week Camp in Chikna Village. The objective of the National Service Scheme is "Development of the personality of students through community service". In NSS camp various activities were conducted by the volunteers of NSS Unit like Swachh Bharat Abhiyan, Health Check up for the rural people, various diseases awareness program etc.

'Supporting facilities for rural students' by GW CET are –

- Free competitive examination coaching is provided for JEE, MHCET
- Free bus facility is provided for commuting.
- Communication skill training to improve interpersonal skills.
- Management scholarships to the students from rural background apart from Government scholarships to enable them to take professional education.

OUTCOME- With the modern plans of the Institute every year, college students in the rural areas are determined to benefit hobby in getting to know new technologies. Self belief constructing and talking skills had been determined to be progressed. The students won interest in education and their parents approached them for career counseling for his or her ward. It builds the self assurance of the students and personnel for organizing extra activities.
