

- Image Processing, Video Processing
- Embedded System & Internet of Things

#### Civil Engineering

- Structural Engineering
- Geotechnical Engineering
- Environmental Engineering
- Water Resource Engineering
- Construction Management
- Transportation Engineering

#### Mechanical Engineering

- Automation, Mechatronics and Robotics
- Automotive Engineering
- Industrial Engineering
- I.C. Engines, Turbo machinery and alternative fuels
- Vibration and acoustics
- Thermodynamics and heat transfer
- Computational fluid dynamics & Heat transfer
- Intelligent Manufacturing
- Hybrid Vehicle

#### Electrical Engineering

- Electrical and Electronic Materials and Process.
- Semiconductor Technology.
- Power Systems and Energy Engineering.
- Soft Computing Techniques in Power Systems.
- Transmission and Distribution System and Apparatus.
- Instrumentation & Feedback Control Systems.
- Power Electronics & Energy Efficient Drives.

#### Engineering Sciences

- Earth Science, Solid and Waste Management
- Advances in Mathematics
- Physics and Life Sciences
- Genetics, Chemistry & Biology

#### Management Studies

- Research Methods
- Human Resource Management
- Marketing Management
- Operations Management
- Financial Management

Authors are invited to submit their original and unpublished work on **Conference Mail ID-[icrtset1@gmail.com](mailto:icrtset1@gmail.com)**. For paper submission and Registration details refer conference Website.

#### OBJECTIVE OF CONFERENCE

The objective of International Conference on Recent Trends in Science, Engineering & Technology (ICRTSET-2024) is to provide opportunities for the Researchers, Academicians, and Industry practitioners for discussion to promote scientific information exchange

#### ABOUT CONFERENCE

This International Conference on Recent Trends in Science, Engineering & Technology (ICRTSET-2024) aims to provide technical platform across the globe to exchange innovative ideas and research findings on contemporary issues for researchers from both industry and academia to participate, discuss the latest advancements and explore future directions in emerging areas of engineering. **Conference will be in Hybrid Mode.**

#### CALL FOR PAPER

Papers are invited in the respective domains but are not limited to authors. Authors are invited to submit full-length (6 pages maximum), original, unpublished research papers with an abstract (200 words maximum) using IEEE template. Papers violating length would be excluded from the review process. The conference aims at carrying out double blind review process.

**All Accepted papers will be published in UGC CARE, SCOPUS Journal and conference proceedings.**

#### Computer & Information Technology

- Soft Computing and Artificial Intelligence
- Data Mining and Information Retrieval
- Operating Systems and Compilers
- Neural Networks and Applications
- Computer Graphics and Visualization
- Networking and Cloud systems
- Parallel Computing
- Internet of Thing

#### Electronics & Telecommunication Engg

- Micro Electronics and VLSI
- Antenna & Wireless Communication
- Signal Processing, Speech Processing
- Robotics & Automation
- Smart Wireless and Sensor Networks
