Teaching Learning Process

Index

Sr. No.	Contents	Session
	2.3.2 : Percentage of teachers using ICT for effective teaching with Learning Management System, E-learning Resources etc.,	
1	Description regarding teachers use ICT enabled tools for effective teaching learning process.	2022-2023
2	Photo copy of ICT tools and resources	2022-2023
3	List of faculty using ICT tools	2022-2023

2.3.2: Percentage of teachers using ICT for effective teaching with Learning Management System, E-learning Resources etc.,

2.3.2: Percentage of teachers using ICT for effective teaching with Learning Management System, E-learning Resources etc.,

Govindrao Wanjari College of Engineering & Technology, Nagpur follows ICT enabled teaching in addition to the chalk and talk method of teaching in classroom. Teachers using ICT for effective teaching with Learning Management Systems (LMS), E-learning resources etc. Learning Management System (LMS) & E-Learning Resources. The academic plan with budget, lesson plan, lab manuals and question banks with solution are made available at the very beginning of the semester. The use of multimedia teaching aids like, LCD projectors, interactive digital board/computer/laptops, IT enabled learning tools such as PPT, Video clippings, Audio system, online sources systems are usually in use in classroom to expose the students for advanced knowledge and practical learning. The faculty members effectively utilize Audio- Visual aids to demonstrate the concepts to the students by using electronic resources like DELNET and NPTEL to enhance the learning experience.

All the departments conduct seminars, workshops and guest lectures on the new developments in the core subjects for effective teaching and learning by the faculty members and students in each semester. Seminar hall is equipped with multimedia facilities using ICT tools. Invited talks and webinars are conducted in seminar hall using ICT facilities. The students get all their academic information on web-link provided by Institute. The students are also required to provide online feedback on the curriculum and teaching-learning environment on every course in every semester. The library also provides access to computers and on line journals freely available in public domain. USB Hard disk containing web and video courses (offline) from NPTEL are accessible to faculty and students from the server installed in the library. These courses are the part of LMS. Sufficient number of books, Journals, e-journals and e-books are available online in the library. Internet and Wi-Fi facility is made available to all the students of institute at free of charge. YouTube, E-mails, Whatsapp group, Zoom, Google meet, Teach-mint app and Google classrooms are used as platforms to communication, provide material and syllabus, make announcements, conduct tests, upload assignments, make presentations, address queries, mentor to share information. The entire college admission process was proposed to be digitized with the tool which is an online-platform starting from application, registration and admissions.
