OBJECTIVE OF CONFERENCE

The objective of International Conference on Recent Trends in Science, Engineering & Technology (ICRTSET-2025) is to provide opportunities for the Researchers, Academicians, and Industry practitioners for discussion to promote scientific information exchange

ABOUT CONFERENCE

This International Conference on Recent Trends in Science, Engineering & Technology (ICRTSET-2025) aims to provide technical platform across the globe to exchange innovative ideas and research findings on contemporary issues for researchers from both industry and academia to participate, discuss the latest advancements and explore future directions in emerging areas of engineering. **Conference will be in Hybrid Mode.**

Call for Paper

Papers are invited in the respective domains but are not limited to authors. Authors are invited to submit full-length, original, unpublished research papers using IEEE template with **Turnitin plagiarism checker report of below 15%** to Conference Mail id- icrtset1@gmail.com **Plagiarism free papers are only consider for double blind review process.**

Maximum Four authors are allowed per paper. Papers violating length would be excluded from the review process. The conference aims at carrying out double blind review process.

All Accepted papers will be published in Indian journal of technical education UGC Care Journal, Conference Proceedings publication with ISBN Number and Conference Proceedings which is indexed by Web of Science & Scopus (Elsevier). Proposals are in process.

THEMES

Computer & Information Technology

- Soft Computing and Artificial Intelligence
- Data Mining and Information Retrieval
- Operating Systems and Compilers
- Neural Networks and Applications
- Computer Graphics and Visualization
- Networking and Cloud systems
- Parallel Computing
- Internet of Thing(IOT)
- Machine learning & Deep learning

Electronics & Telecommunication

- Micro Electronics and VLSI
- Antenna & Wireless Communication
- Signal Processing
- Robotics
- Smart Wireless and Sensor Networks
- Image Processing & Embedded System

Civil Engineering

- Structural Engineering
- Geotechnical Engineering
- Environmental Engineering
- Water Resource Engineering
- Construction Management

Mechanical Engineering

- Automation, Mechatronics and Robotics
- Automotive Engineering
- Industrial Engineering
- I.C. Engines, Turbo machinery and alternative fuels
- Thermodynamics and heat transfer
- Computational fluid dynamics & Heat transfer
- Intelligent Manufacturing
- Hybrid Vehicle

Electrical Engineering

- Electrical and Electronic Materials and Process.
- Semiconductor Technology.
- Power Systems and Energy Engineering.
- Soft Computing Techniques in Power Systems.
- Transmission and Distribution System and Apparatus.
- Power Electronics & Energy Efficient Drives.

Engineering Sciences

- Earth Science, Solid and Waste Management
- Advances in Mathematics
- Physics and Life Sciences
- Genetics, Chemistry & Biology

Management Studies

- Research Methods
- Human Resource Management
- Marketing Management
- Operations Management
- Financial Management
